**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a consumer of internet service, I support broadband competition. I chose a competitive provider because the service is excellent, the price has stayed fixed without fluctuating due to gimmick promotions. The customer service provided by Sonic has been stellar and unlike any that I received from AT&T or Comcast.

Likewise, broadband is critical to our area. It is reliable and does not suffer from interruptions for any reason. I use it in my home for personal as well as school related activities. I have tried both AT&T and Comcast and have been very unhappy with all of the points made above in support of why I use Sonic.

Please continue to allow competition in the area of broadband internet service.

Thank You
